

MANAGEMENT INSTITUTE

GEORG SIMON OHM UNIVERSITY OF APPLIED
SCIENCES NUREMBERG

Hello!

This is Shrey Vohra,
I am 25 years old and from New
Delhi. I am a student in the 3rd
semester pursuing my MBA at
Georg-Simon-Ohm Management-
Institute Nurnberg, Germany.

My personal experiences have been delightful & amazing in the sense that ever since I arrived at Nurnberg I have had such a warm welcome and pick up from the Airport by College staff and on the top of it people are very helpful and there is no chance of feeling home-sick.

GSO is one of the Professional educational Institutions of its kind and has partnership with various foreign Universities. All Faculty members are very senior Professors and have vast knowledge in respective subjects and teaching sessions are friendly. Their way of teaching is of international standards & easy to grab. There are students from various countries and it helps to understand their culture and helpful for future relations and adding more & more friends.

As much as the city of Nurnberg is concerned, this is really a beautiful city and worth living. This is an open-minded metropolis and citizens from all nationalities live together and atmosphere is calm & quiet. It is a mix of great shopping and entertainment with hint of added culture.

I stay in a student hostel and enjoy making friends from other countries and different Institutes who are living in the same hostel.

Only apprehension I had initially was about lack of German language but it proved to be the other way round as most of the persons I came in touch can converse in English. And there are free classes for German Language organized by the Institute which is of great help.

So, I say Germany is calling! Please make your future.

Cheers,
SV
